Meteorologist's View

A lovely day to be out on the hills, but remember that UV levels will be very high so it is important to think about skin protection.

Recent rainfall: measured at Neuadd: altitude 353m

Forecast for Tuesday 06 Jun 2023

Weather: Cloud again pushing into the east during the early hours, perhaps progressing slightly further west than Monday, before breaking up for late morning. Dry though the afternoon and evening with long-lived strong sunshine. Clear skies remaining to end the day.

Maximum wind: 15mph easterly winds on the hills.

Chance of cloud-free hill tops above 600m: 40% during the early hours, increasing to 100% by late morning.

Low cloud and visibility: Cloud at 300-400m again covering summits at the start of the day, particularly in the east, before breaking to leave cloudless skies from late morning. Excellent visibility after cloud clears.

Temperature: **Valleys:** Plus 6 Celsius, rising to plus 22 Celsius.
At 600m: Plus 4 Celsius, rising to plus 12 Celsius.
Freezing level: Above the summits.
